

Dear Colleagues,

The WFSA and Fresenius Kabi are delighted to launch a unique innovation development awards programme which identifies and supports the development of innovations that have the potential to transform the field of anaesthesia and improve patient safety worldwide. The project is a three year project, with one award given per year until 2020.

Encouraging applications from around the world, the WFSA Fresenius Kabi Anaesthesia Innovation Awards will identify innovations in the field of anaesthesia which have the potential to benefit patients worldwide. Innovations can relate to anaesthesia, critical care or pain and be:

- A new product/ device
- An IT innovation
- A new techniques or solution of a problem
- An innovation in education or training in anaesthesiology

The full announcement, together with the eligibility criteria and application details can be found [here](#)

We would appreciate if you would disseminate the information to your members.

Many thanks!

Best regards,

Giselle
