INVITATION

YUVA ISA is an initiative under the aegis of Indian Society of Anaesthesiologists National to provide young anaesthesiologists, under the age of 40 years, an impetus towards academic growth, clinical training and research practices through innovative means. Young anaesthesiologists as well as trainees in post graduate institutes shall benefit from this endeavour. Free exchange of ideas and opportunities in city, state and national CMEs and conferences would help in building a rock-solid foundation for the future generation of anaesthesiologists in India.

Indian Society of Anaesthesiologists National and Society of Anaesthesiologists Haryana welcome you to 1st YUVA ISACON on 5th and 6th September, 2020.

This two day event is one of its kind and aims to provide a platform to the youngest minds and budding anaesthesiologists from all over the country. It is an opportunity to showcase your academic talents, learn from your peers and expand your knowledge in the ever evolving field of Anaesthesiology. Indian Society of Anaesthesiologists believes in the dictum of 'Together We Learn' and feels that it's the responsibility of seniors to provide wings to our next generation.
