ISA Mechanical Ventilation Course (Basic) in association with IMA for all Medical Specialities Conducted at Yamunanagar, Haryana By Dr Sunil Sethi, President ISA Haryana & Dr Monica Chhikara (1 July, 2020)

ISA Guidelines

Perioperative fasting and feeding in adults, obstetric, paediatric and bariatric population: Practice Guidelines from the Indian Society of Anaesthesiologists

PREAMBLE

Preoperative fasting involves being nil by mouth before surgical procedures requiring sedation or anaesthesia. ^[1] In the postoperative period, complete avoidance of oral dietary intake is practiced, till recovery of bowel function for abdominal surgeries. ^[2] Impairment or abolition of airway reflexes following deep sedation or anaesthesia can lead to pulmonary aspiration of gastric contents. ^[3] The ideal condition for minimising the risk of regurgitation and aspiration is an empty stomach before deep sedation or anaesthesia, which may be impossible to achieve due to the continuous gastric secretory activity along with impaired physiology due to various aetiologies encountered in the preoperative period.

Traditional cut off points of gastric aspirate volumes of >25 mL with pH <2.5 have long been quoted to correlate with significant pulmonary aspiration leading to respiratory failure. It is critical pH and volume was obtained by Roberts and Shirley on a Rhesus monkey and were extrapolated to humans. It leads though pH and gastric volume have been traditionally measured using aspiration techniques, the modern research modalities utilising pharmacokinetic properties of orally administered water-soluble substances such as paracetamol, magnetic resonance imaging (MRI) and scintigraphy have provided better insights into the physiology of gastric emptying. Newer modalities such as gastric ultrasonography (GUS) have been increasingly used to study the gastric volumes and emptying.

1st YUVA ISACON 2020

5 - 6 September 2020

ONLINE NATIONAL CONFERENCE OF YUVA ISA

Organised by: Society of Anaesthesiologists Haryana

Hosted by: Indian Society of Anaesthesiologists National

INVITATION

YUVA ISA is an initiative under the aegis of Indian Society of Anaesthesiologists National to provide young anaesthesiologists, under the age of 40 years, an impetus towards academic growth, clinical training and research practices through innovative means. Young anaesthesiologists as well as trainees in post graduate institutes shall benefit from this endeavour. Free exchange of ideas and opportunities in city, state and national CMEs and conferences would help in building a rock-solid foundation for the future generation of anaesthesiologists in India.

Indian Society of Anaesthesiologists National and Society of Anaesthesiologists Haryana welcome

you to 1"YUVAISACON on 5" and 6" September, 2020.

This two day event is one of its kind and aims to provide a platform to the youngest minds and budding anaesthesiologists from all over the country. It is an opportunity to showcase your academic talents, learn from your peers and expand your knowledge in the ever evolving field of Anaesthesiology. Indian Society of Anaesthesiologists believes in the dictum of 'Together We Learn' and feels that it's the responsibility of seniors to provide wings to our next generation.

The Organising Committee welcomes you all to the 1" National Conference of YUVAISA Long Live ISA!

SEC/ ISA NHQ/ RTK/ 2020/ 595 Dated: 14-09-2020

IMPORTANT RESCHEDULING OF ALL THE EVENTS OF INDIAN SOCIETY OF ANAESTHESIOLOGISTS (ISA)

Dear ISAians, Greetings from ISA National Head Quarters!

The COVID pandemic has affected the world including India. The Anaesthesiologists are at forefront in the management of COVID patients. It is estimated that out of total number of doctors involved in intensive care management of such patients in Intensive Care Units across India, 60-70% are anaesthesiologists. They are working day and night in this pandemic. The COVID pandemic has also lead to restrictions in travelling and physical gathering.

Hence, The Governing Council of Indian Society of Anaesthesiologists has decided to reschedule its 68th Annual Conference to be held in Ahmedabad in November 2020 to November 2021. This has been done in view of safety and health of its members; their preoccupation with clinical duties and in line with advisories from different government agencies. Many other societies of other medical specialties have also done the same.

According to the constitution of ISA, The Annual General Body Meeting of Indian Society of Anaesthesiologists (ISA) is held during the annual conference and change of office bearers takes place during the AGBM. Due to the ongoing COVID pandemic, compelling and exceptional circumstances, The Governing Council of ISA has unanimously decided to reschedule all the events of ISA to be held in the year 2020 to 2021 and those to be held in year 2021 to 2022, like- The Annual National Conference of ISA of 2020 will be held in 2021 and that of 2021 in 2022. The Notification of ISA National Elections, Vacancies in ISA National Governing Council and Online ISA National elections of 2020 will occur in 2021 and that of 2021 in 2022. The Awards, Orations, Prizes etc of ISA of 2020 will be held in 2021 and that of 2021 in 2022.

ISA National Head Quarters

Resecheduling of ISA National Events

(Founder Member of the World Federation of Societies of Anaesthesiologists) RÈGD. NO. 8/1999 CHENNAI, PAN AAAT13385A, 80G DIT(E)NO2(372)/98-99 DATED: 05.06.2000

Dr. Muralidhar Ioshi

Mob.: 9949049946 drmuralidharjoshi@gmail.com

Dr. Suresh Kumar Bhargava Mob.: 9829063830 suresh3559@yahoo.com

Hon. Secretary

Dr. Naveen Malhotra Mob.: 9812091051 drnaveenmalhotra@yahoo.co.in

Dr. Virendra Sharma Mob.: 9415142460 virendra_doc@yahoo.co.in

The year 2020 will not be counted in the term of Governing Council for all intents and purpose due to ongoing COVID pandemic and the preoccupation of anaesthesiologists with management of COVID patients. However, the Governing Council of ISA will strive to work to fulfill its obligations pertaining to the members and the association. A Special AGBM may be held online to pass accounts only, as it is a time bound agenda. However, this is one time, one year extension of term. This decision of Governing Council will not be reviewed and extension of term by one year to all Governing Council Members is irrevocable. If the pandemic continues in 2021 and beyond, Online ISA Elections and Virtual/ Online hand over and takeover of Governing Council / Office Bearers will be done, Online Awards/ Orations will be held, Online ISACON, and all official activities of ISA will be held online.

Long Live ISA! Jai ISAian! Best wishes and regards,

Mwalidhar. J

Lying in the high dependency unit along with one's family, with the uncertainty of being shifted any moment to the coronavirus disease intensive care unit (COVIDICU) looming over the head (as 25% of the lung volume is severely affected), is a dire situation that one can face during one's lifetime. Apprehensions get heightened when you faintly remember the glimpses of all such critical patients whom you had been managing for the last six months in your own critical care arena and few of which could not be saved from the clutches of COVID in spite of your best efforts.

Harbouring COVID is like fostering a potential time bomb which can either slowly diffuse or blow up it gives me ample courage to write this editorial and to carry on with academic work, to divert my mind from the thoughts of potentially dangerous COVID complications. Life is so contagious and passionate that it keeps bringing optimism from some end. The instinct to survive, to carry on with grit the other commitments and responsibilities of life and positive thoughts have kept my hopes afloat and alive.

We are all currently sitting on the lap of the mother of all the pandemics, and she is uncontainable despite so many advances in the medical field. The administrative and the government machinery throughout the globe are also finding themselves

COVID STRIKES ISA NATIONAL GOVERNING COUNCIL WORK GOES ON

ISA VADODARA
