## Message

Dear ISAians,

Greetings from the ISA National Head Quarters!

The great social reformer and Nobel Laureate – Kailash Satyarthi has rightly said that “The power of youth is the common wealth for the entire world. The faces of young people are the faces of our past, our present and our future. No segment in the society can match with the power, idealism, enthusiasm and courage of the young people.”

Hence, it is in uplifting the younger generation and encouraging them to bring out the very best of their capabilities, that we can collectively lead ourselves to a brighter and prosperous future. It was to fulfil this very purpose which led to the conception of YUVA ISA; and this idea of nurturing the young anaesthesiologists has now evolved into a groundbreaking initiative which is proving to be an exciting platform for them to showcase their ideas, skills and talent.

The First Annual National Conference of the YUVA ISA – YUVA ISACON 2020 was organized amidst the COVID-19 pandemic on an entirely virtual platform. In fact, it was the pandemic which led us to discover the power of connecting via virtual space and growing in our knowledge by sharing each other's experiences. We witnessed amongst our young anaesthesiologists a very profound and keen interest for interactive learning. With an overwhelming response from all across the nation and unrelenting efforts of the organizers to ensure a seamless execution, this exclusive event turned out to be markedly successful. Even amidst the adversity innovations and creativity flourished like never before and we proudly seized this opportunity to showcase our storehouse of talent.

After gloriously proving their grit and mettle, our young blood again demonstrated their brilliance in the more magnificent version of the 2nd Annual National YUVA ISACON 2022. We dare to say more magnificent because this year's conference was an amalgamation of the

scientific programme with the Platinum Jubilee Celebrations of the Indian Society of Anaesthesiologists followed by World Anaesthesia Day Celebrations. So this year, we not only engaged in scholastic and intellectual pursuits but also rejoiced in the spirit of solidarity and comradeship as we celebrated the 75 years of ISA and being an ISAian.

The YUVA ISAians from all across the nation presented talks on their respective topics in dedicated ISA State Branch Sessions chaired by veteran anaesthesiologists over the two days' programme. It was captivating to see the budding professionals interacting with the seasoned experts in a prolific manner. We as anaesthesiologists take pride in having a knack for troubleshooting and innovation. ISA Innovation Session reinforced this pride even further with our young minds presenting their talks on new and exciting innovations in the fields of airway, anaesthesia and resuscitation.

There were presentations by the postgraduates of their original research papers and posters on interesting case reports. We hope all the PG students who participated in the conference made the most of this opportunity to improve their understanding of research methodology and their presentation skills.

Along with this voluminous exchange of clinical knowledge we listened to our YUVA Orator of the year who emerged worthy of the title after a very tedious scrutiny of a large number of entries which were all very impressive and fairly worthy of appreciation. We take this opportunity to applaud the efforts of each and every young orator who shared their ideas and skills with us.

It was followed by the breath-taking cultural (YUVA KALA) and artistic panorama (Art & Literary Exhibition) of our extremely talented ISAians, that mesmerised one and all.

We thank all the office bearers of ISA- Haryana State Chapter for shouldering the responsibility of organizing this splendid event. We commend the members of the organizing committee – the YUVA's behind the YUVA ISACON - for their untiring commitment towards making the event grand and successful.

Long Live ISA ! Jai ISAian ! Jai YUVA ISA !!
