SEC/ISA NHQ / RTK / 2022 / 164

Dated: 21-06-2022

To
The CEO,
Insurance Regulatory and Development Authority of India (IRDAI),
Hyderabad.

Sub: Separation of Anaesthesiologist Professional Fees in surgical packages by the insurance companies.

Dear Sir / Madam,
Greetings from Indian Society of Anaesthesiologists National Head Quarters!

Indian Society of Anaesthesiologists (ISA), the largest body of Anaesthesiologists in India with more than 37,000 members and 225 branches across India, represents clinical, academic and social issues pertaining to anaesthesiologists in India. The anaesthesiologists have worked dedicatedly in the critical care of COVID patients in critical care units in the ongoing COVID pandemic.

Anaesthesiologists have a vital and clinically important role in every surgical procedure. No surgery is possible and successful without an anaesthesiologist. As per Hon'ble Supreme Court ruling, anaesthesia can only be administered by a qualified anaesthesiologist- MD/ Diploma/ DNB in Anaesthesiology. Anaesthesiologists have played the key role in the improved patient safety in the perioperative period over last three decades.

Moreover, conducting anaesthesia is a critical clinical field and becomes more challenging in patients with comorbidities like ischaemic heart disease, diabetes mellitus, cancer patients, neonate and obstetric high risk patients, etc coming for simple surgical procedures. It is pertinent to note that the anaesthesiologists are paying highest professional indemnity insurance premium due to the nature of work involved.

However, prevailing remuneration practices across India to the anaesthesiologists by insurance companies is irrational, outdated and at times amounting to exploitation of anaesthesiologists. The reason for this is decades old pattern of payment of anaesthesiologist professional fees based on certain fixed percentage of surgeon's fees or leaving it to the whims and fancies of surgeon / hospital owner to pay the anaesthesiologist professional fees.

Currently, Insurance companies (both private and public) are providing Health Insurance on various terms and conditions. The reimbursement is done to the hospital directly in the cashless scheme or reimbursement is done to the patient on submission of requisite bills and documents. The payment is made as a lump sum amount and the distribution to anaesthesiologist and other associates is done by the hospital authorities based on their own fancy calculations.

Now, the Anaesthesiologist is allowed to conduct anaesthesia after obtaining a qualification equivalent to any surgeon. So, the remuneration should also be equal for both. Even in Government set up, all anaesthesiologists and surgeons are being paid equal salaries as per their designation across the board since decades.

There are active branches of Indian Society of Anaesthesiologists across the country. The ISA National can facilitate the meeting of Insurance companies and anaesthesiologists in different states to fix anaesthesiologist professional fees for different surgical packages.

You are requested to separate Anaesthesiologist Professional Fees in surgical packages given by the insurance companies. The anaesthesiologist professional fees cannot be dependent on surgeon's fees. The billing of anaesthesiologist professional fees should be done separately and remuneration should be paid directly to the anaesthesiologist. The anaesthesiologist professional fees can be finalized in consultation with anaesthesiologists through Indian Society of Anaesthesiologists National & its Branches.

Thank You.

Dr. Venkatagiri KM
